The Federal Communications Commission is considering taking actions that will restrict consumer choice by deregulating local phone service.

Millions of Americans like me could have their phone service threatened if the local phone companies aren't required to allow competitors access to the market. I'm also concerned about the Commission's move to relieve all broadband Internet access facilities of open access obligations.

Both of these key decisions will limit my choices as a consumer by lessening competition, diminishing cost savings and threatening consumer protections. As a constituent, I urge you to support competition and open access for local phone service.

Sincerely,

Margaret B. Smith

I think that we have gone to far already with deregulation of our utilities. Competition is what this country is off - may the best provider get the business.

Please don't allow this deregulation to go through.

Sincerely,

Marvin D. Hovley

From: Jack Overton
To: Sharon Jenkins
Date: Thu, Feb 6, 2003 10:32 AM
Subject: UNE's and the UNE-Platform

UNE's and the UNE-Platform are crucial to local phone competition thereby providing the consumer with a meaningful choice and the pricing benefits resulting from competition. In addition, they serve to strengthen the small business economy because of the favorable pricing they provide to small businesses and because of the jobs that are created by the companies operating on the UNE-Platform. I urge you to preserve the current list of UNE's and the UNE-Platform. Our nation's economy does not need any more negative impacts.

Subject: Comments to the Commissioner

Jack Wheatley (Jwheatley@aol.com) writes:

Dear Mr. Adelstein,

I will make this note short. I am a small payphone provider and I also resell dial tone for a CLEC. I am using the UNE-Platform in both my endeavors. Quite frankly, without the UNE Platform, my business may not be viable as I would see a dramatic increase in expenses.

I am writing to urge you to keep the UNE-Platform intact for competitive reasons. Many small businesses are enjoying the fruits of competition as a result of the UNE Platform and I can say it is vital to my business and those I service.

Thank you for listening to my request.

Best Regards,

Jack Wheatley
